PERFORMANCE FEATURES

- Cab MAN TGS M or MAN TGX XXL from the metal line
- Construction vehicle of the „highest class“, with either 3 - or 4-axis
- Very complex produced Abrollmulden in flat or high variant, made entirely of brass with rear doors or tailgate
- Available with rear-wheel drive driven, or as a display model without functional components
- Lockable differential axles with machined steel gears
- From solid machined aluminum wheels
- 3-speed manual transmission
- Hydraulics from own production, with about 15 bar high hydraulic pump
- Lifting capacity of 7.5 kg!
- Hook loader superstructures with 3 telescopic cylinders made of stainless steel
- Can be combined with the 2-axis hook loader trailer

All variants of the hook loaders, you can get painted as a kit or as ready to run structured model in your desired color. We are happy to provide you with a ScaleART model according to your wishes.
